

STEP 1 Select 'settings'.

STEP 2 Select 'Add account'.

+ Add account

STEP 3 Select 'Email'.

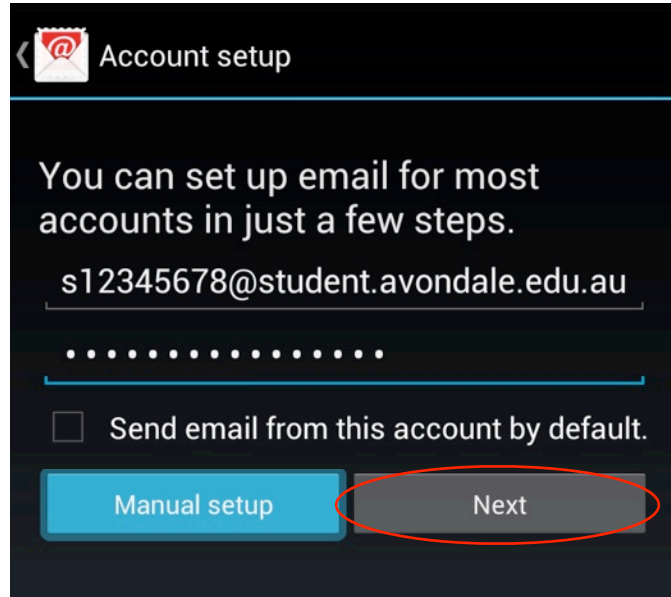

STEP 4 Enter your details.

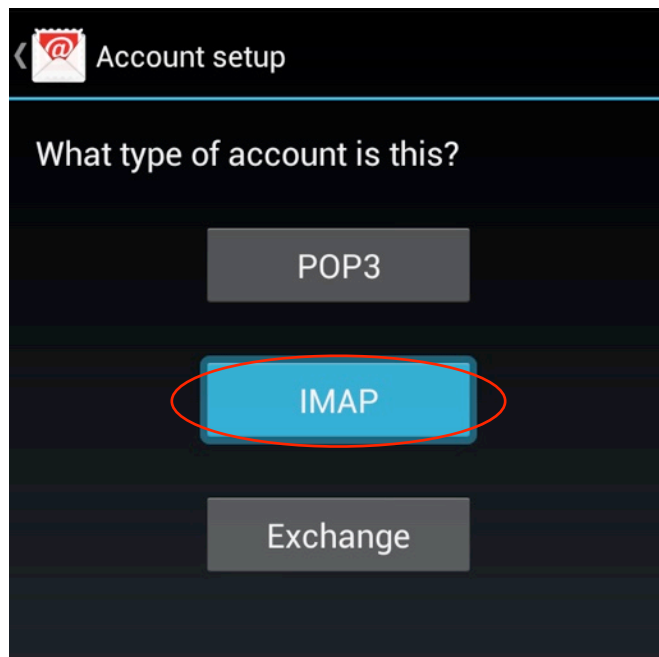

Your student number including the 's' →

Your Avondale password →

Select 'Next'.

STEP 5 Select 'IMAP'.

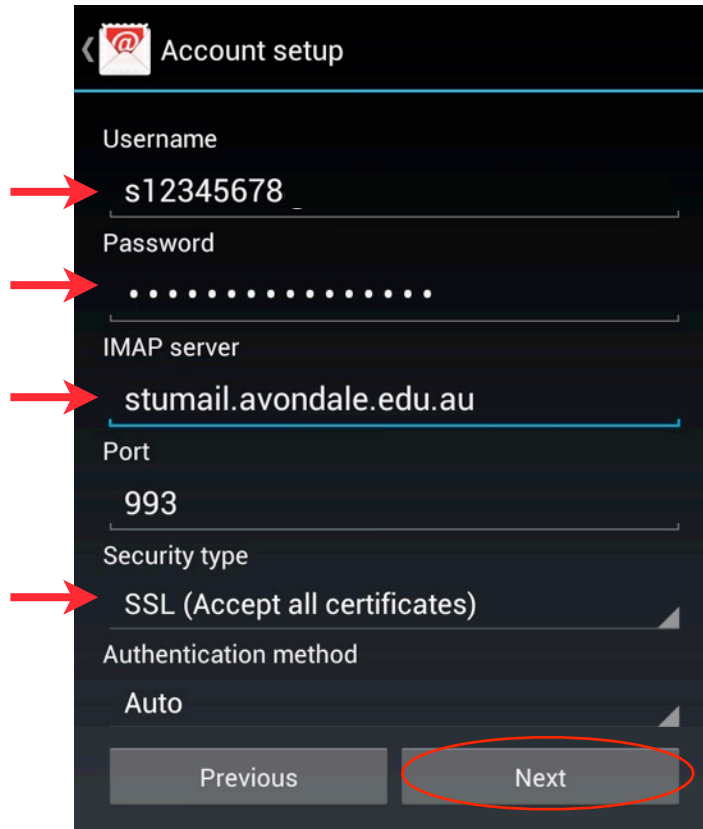

STEP 6

Configure as follows:

Your student number including the 's'

Your Avondale password

Select 'Next'.

The screenshot shows the 'Account setup' screen with the following fields and values:

- Username: s12345678
- Password: [masked]
- IMAP server: stumail.avondale.edu.au
- Port: 993
- Security type: SSL (Accept all certificates)
- Authentication method: Auto

Red arrows point from the text labels to the corresponding fields. The 'Next' button at the bottom right is circled in red.

You will need to remove the '@student.avondale.edu.au'

SSL/TLS (Accept all certificates) is also supported
