

QMS EASY REFERENCE

Avondale's QMS is titled A4I²

1. 4 Domains

Avondale's QMS is positioned across 4 domains critical to our core business:

- i. Design,
- ii. Delivery,
- iii. Support and
- iv. Capacity-Building

All 4 domains are critical for the smooth-functioning of Avondale's goals and priorities.

2. 4 Reference Points

There are 4 reference points that the QMS aligns to:

- i. The Threshold Standards;
- ii. The Professional Standards;
- iii. The AQF
- iv. Avondale's Strategic Plan

3. 4 Enablers

There are 4 enablers:

- i. Committees;
- ii. Policy Central;
- iii. Data Sets;
- iv. Benchmarks]

4. 4-Step Methodology

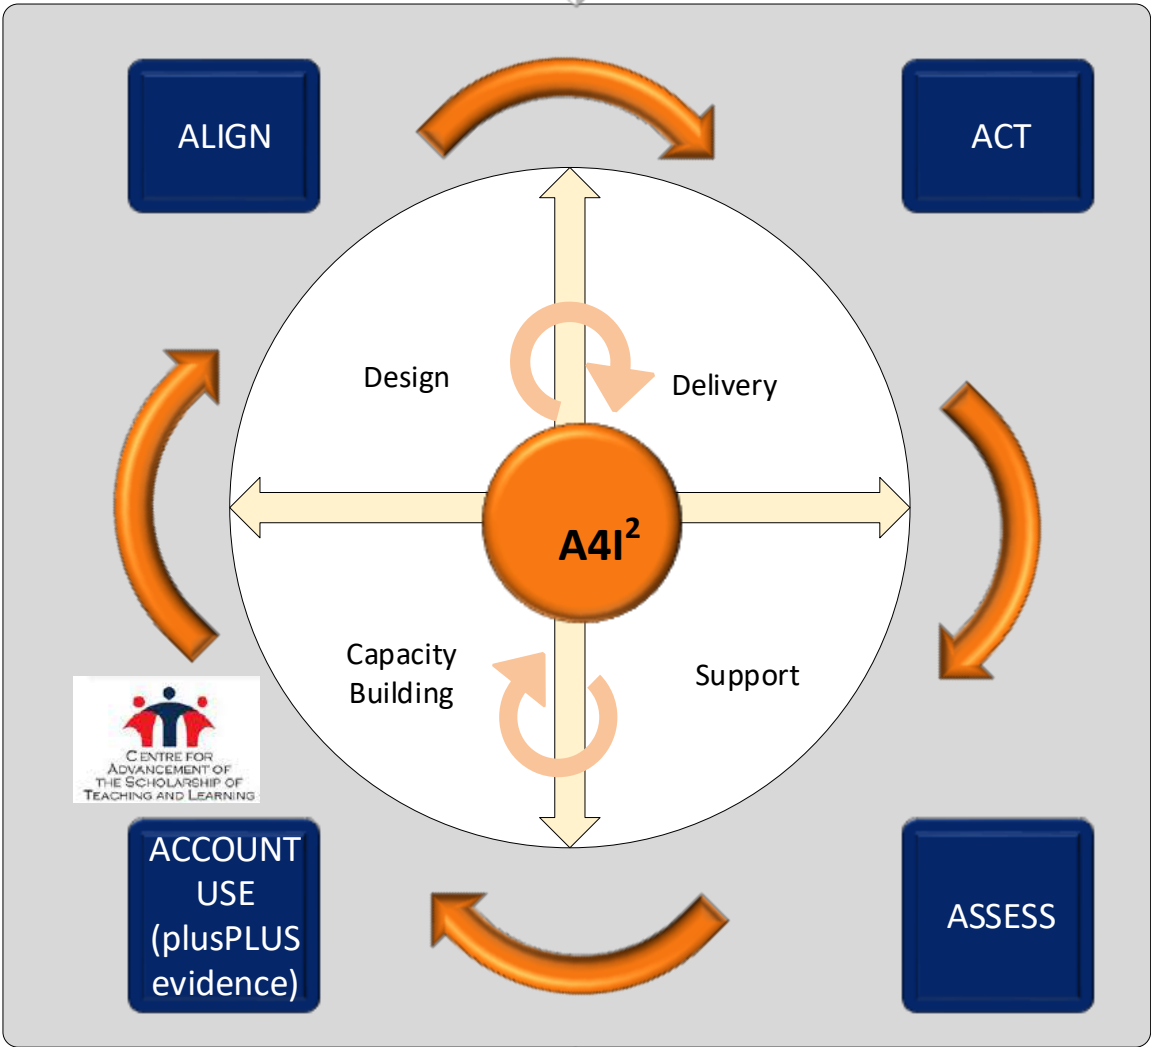

We use a 4 Step Methodology in implementing the QMS:

- a. **ALIGN** – align our plans, actions and policy/process to the reference points
- b. **ACT** – act on the aligned plans
- c. **ASSESS** – assess the outcome of the plans through continual monitoring, identification of risks and applying interventions
- d. **ACCOUNT** – CLOSE THE LOOP THROUGH ENSURING EVIDENCE OF [a-c] is available and outcomes reported to relevant committees or stakeholders.
- e. The ideal of the **QMS is I² = IMPROVEMENT AND/OR IMPACT**
