If you think you may experience challenges related to your disability, chronic health condition or any other reason, you should discuss your concerns with the campus Disability Advisor (Phone 49802293) or the school staff, such as the Course Convenor (94803630). These staff can work collaboratively with you to determine reasonable adjustments to assist you to meet the inherent requirements. In the case where it is determined that Inherent Requirements cannot be met with reasonable adjustments, Avondale staff can provide guidance regarding other study options.
